## TERMS & CONDITIONS FOR USE OF IMAGES FROM THE PARLIAMENTARY ARCHIVES

1. These Terms and Conditions together with the application form above constitute an agreement ("**the Agreement**") between the Parliamentary Archives acting on behalf of the Corporate Officer of the House of Lords ("**the Archives**") and the person identified as the Applicant in the application form ("**Licensee**"). All licences and permissions in the Agreement are conditional upon Licensee complying with the terms of the Agreement. Reproducing any records or other copyright work(s) in breach of or outside the scope of the Agreement is an infringement of copyright.
2. In the Agreement the following terms, unless the context otherwise requires, have the following meanings:

**"the Image"** means any and all images described above together with any accompanying caption text and other materials supplied by the Archives;

**"Licensed Product"** means the publication or any type of product or products which make use of the Image in the way described above.

In the Agreement, references to "include" and "including" are to be construed without limitation. References to person(s) include incorporated and unincorporated bodies or partnerships and include reference to that person's successors and assigns.

3. Subject to Licensee's full and timely compliance with all the terms set out in the application, the Archives grants to Licensee during the Term a non-exclusive licence to copy the Image for the purposes of using such copies on or in relation to Licensed Products. No other rights in or to the Images are granted.
4. Unless otherwise stated in the Confirmation Form, the Archives merely grants rights in the photographic work that is the Image. The Licensee will be solely responsible for any other clearances that may be necessary, including any copyright and moral rights that may be held by the artist (or his or her estate) who created the work that is the subject of the photographic image supplied.
5. All rights and permissions granted to the Licensee shall be limited to non-exclusive, personal, non-transferable reproduction rights for single use only in the United Kingdom unless this application expressly states otherwise. A single use means a reproduction in one size for one edition of a single printed publication published in one language only.
6. Any unauthorised reproduction of the Archives' copyright images for commercial purposes constitutes an infringement of rights, rendering those responsible liable for the payment of fees not less than twice that charged for properly authorised reproduction, in addition to damages, if appropriate.
7. The Archives requires payment in advance for the supply of the Image. The amount of the fee will be determined by reference to the table of fees set out above. For licence fees, payment terms are strictly 30 days from the issue date on the invoice. The breach of such terms will automatically result in fees being charged at the maximum applicable rate.
8. The supply of the Image from the Archives does not confer the rights to store or reproduce it or make it available to the public in any medium or form. Nor does the supply of the Image by the Archives imply the availability of these rights.
9. If and when rights are granted by the Archives, these are strictly limited to the use, period of time

and the territory specified on the invoice. Invoices for reproduction rights issued by the Archives may represent an offer but do not constitute a licence, implied or actual, to grant the rights specified, until payment - in full - of this invoice has been received. Any reproduction of the Image before full payment of the invoice constitutes an infringement of rights, rendering the Licensee liable for the payment of damages.

10. On full payment of the invoice, reproduction rights are granted to the Licensee, as specified on the invoice, and are not transferable.
11. The Licensee must credit all images as follows (unless indicated otherwise): 'Parliamentary Archives, London' followed by the full reference number of the record imaged. Where an image appears online, a link must be given to the Parliamentary Archives home page <https://archives.parliament.uk/>. The Licensee shall not alter, cut or add to or otherwise modify the Image without the prior written consent of the Archives except for the purposes of colour correction, removal of minor imperfections, moderate cropping and highlighting for graphic effect. Images must not be reproduced without the correct credit line or in reverse, and Licensees who do so will be charged additional fees, which will not be less than the original reproduction fee.
12. The Images must not be copied, stored or transmitted in electronic or other media unless by separate written permission, except where such is incidentally and wholly necessary to the process of production for products properly licensed by the Archives. At the conclusion of such production, all intermediate copies of this material must be destroyed.
13. If required by the Archives, the Licensee must send at least one complimentary copy of each publication or product to the Archives for its records.
14. The Archives reserves the publication right in all the images made available through it, whether or not they have been previously published in any form.
15. The Licensee shall indemnify the Archives in respect of any costs it incurs (including any liability for damages) as a result of unauthorised or defamatory use of the Image or as a result of a failure to obtain any clearances as required by clause 4 above.
16. In the event of the Licensee's insolvency, bankruptcy or death no transfer of ownership in rights or materials from the Archives shall be deemed to have occurred other than those properly licensed by the Archives. Materials produced by the Licensee containing images from the Archives shall be considered to be infringing copyright unless rights have been fully paid for and licensed by the Archives. Therefore such products may not be used to settle the Licensee's outstanding liabilities without first settling any outstanding invoices due to the Archives from the Licensee.
